

Pure Passion Logo Sheet

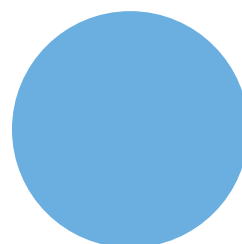

Description: Pure Passion, as the name says, is a Clear Water Association. Our goal is to provide clean and safe water for people around the world. The water droplet and the wave separating the title from the sub-head are integral parts of the design that represent the purity that we hope to achieve in all bodies of water. The fire in the middle is meant to show the passion of the company, but is able to be separated from the word mark only if it is added in close proximity to the rest of the logo.
