# Slightly Scary Sans

## About

Slightly Scary Sans was created on the basis of the semi creepiness of a sans serif typeface. This typeface can be used in a variety of situations such as for a surprise party invite your favorite Halloween poster or your dramatic drooping of liquid.

## History

It all started on a cold October morning. The creation between a serious and stoic typeface or a creepy off the books sans serif was decided. Droopy spooky and slightly scary is the name of the came when designer Marayla Cross when into crafting this interesting typeface.
